School Building/Facility: Centennial Lane Elem. Location (specific room or area) Portable 149 Outside and Vent in 5<sup>th</sup> Grade Closet in building

Briefly describe the concern or problem. Have you attached a photo? No\_ Date of photo: \_\_\_\_\_

During the course of our IEQ Walk Through, we identified two areas of concern. One area was the vent in the 5<sup>th</sup> grade closet within the building. This was able to be remediated today. The other area of concern is the outside left corner of Portable 149. We are submitting this IEQ concern form and the area will be investigated by appropriate personnel.

When did you notice the problem: The team noticed it as part of the walk-through, and the portable was recently brought forth by a staff member who noticed the outside of the portable.
